### **PRESS RELEASE**

**FOR IMMEDIATE RELEASE**

Date: 21<sup>st</sup> December 2010

## **LUCKY NUMBER 7 FOR GENESIS CENTRE**

Seven lettings have recently been secured at Northern Trust's Genesis Centre, Stoke-on-Trent. MPCG (Recruitment) and Health2Works have both leased 3 desk suites. Dunion & Co Ltd have moved into a 4 desk suite, whilst Ecom Ltd has leased a 2 desk suite and Textile Solutions Ltd has taken 2 suites totalling 4 desks. Millennium Business Services Ltd has also leased 2 suites totalling 13 desks, whilst Phones 4U have leased 3 suites covering 30 desks in 2,226 sq ft. All deals were completed on 3 year tenancy agreements.

Millennium Business Systems are a leading UK Education supplier of electronic school equipment and Phones 4U are one of the UK's leading mobile phone retailers with a network of more than 470 stores nationwide.

Richard Suart, Regional Property Manager at Whittle Jones, joint agents acting on behalf of Northern Trust commented "We are delighted to announce the latest seven lettings at Genesis Centre. Being able to attract high profile companies together with new and smaller businesses to Genesis Centre is important for the economic growth of the Staffordshire area. The high specification, location and friendly business atmosphere offers companies the surroundings to grow their business. Added to this is the range of offices from 2 person upwards and flexible agreements which enables companies to take further space as they expand, this a formula that is proving very popular."

Genesis Centre provides fully serviced office space available as a single 'hot desk' or flexible suites ranging from those suitable for 2 persons (177 sq ft) up to 25 persons (1,838 sq ft). Offering an unrivalled business solution for start up and SME businesses, within a well-connected inspiring new building, the Centre has a range of products and services to support all types of business including leading edge telecoms and high speed broadband internet connection.

Occupiers of the building benefit from a managed reception and visitor welcome, as well as fully equipped and air conditioned meeting and conference facilities, on-site car parking, and 24 hour CCTV and access control system. The dedicated break out areas on each floor provide a more informal meeting area and these are located in the central core to encourage interaction between businesses and individuals within the centre to stimulate growth.

Diane Joynson, Centre Manager added “We are delighted to have secured the recent lettings at Genesis Centre, highlighting the quality of the building, its surroundings and services that are offered. The centre has been specifically designed to encourage new start up businesses to support small and medium sized enterprises (SMEs) in the Staffordshire region. It’s an exciting time for Genesis centre and we are looking forward to announcing further lettings in the near future.”

Northern Trust has worked in partnership with Stoke-on-Trent City Council, North Staffordshire Regeneration Partnership, and Advantage West Midlands (AWM) to bring this development to fruition. Regional development agency AWM has provided over 1.5m for North Staffs Business Park. The Government Office for the West Midlands has provided £2.3 million European Regional Development Fund monies for the wider development of Chatterley Valley (phase 1) of which North Staffs Business Park and Genesis Centre are a part.

Genesis Centre has been constructed to a high specification with energy efficiency and environmental considerations key factors in the final design of the centre. Several sustainable features including Ground Source Heat Pumps, Intelligent Lighting Controls and a Sustainable Drainage System have been incorporated in to the building to improve energy efficiency and reduce environmental impact, and as a result of these measures Genesis Centre has achieved an “Excellent” BREEAM rating.
