PRESS RELEASE

FOR IMMEDIATE RELEASE

Date: 28th November 2017

LANLEY HOMES STARTS WORK ON THEIR LYTHAM ROAD DEVELOPMENT IN FRECKLETON.

Lanley Homes are pleased to announce that they have started work on their new development at Lytham Road in Freckleton, following the successful planning permission.

The development will comprise of 7 detached and semi-detached homes, with each benefiting from its own garage and private driveway. Close to Freckleton's town centre facilities, the properties are set in a pleasant residential area and offer an ideal commuter base for Preston and Blackpool whilst also benefitting from being only 5 miles from the beautiful coastal town of Lytham St Annes.

Development Manager, Neil McManus commented "We are delighted to announce the new development for Lanley Homes at Lytham Road, which will provide a range of high quality homes in the heart of Freckleton. Work on site has now commenced and we expect the houses to be completed by late Summer 2018.

We aim to build a better family home and as such the properties are larger than comparative developments. With the 3 bedroom semi's at 1,150 sq ft and detached at 1,450 sq ft to 1,600 sq ft; these properties are very spacious by modern standards"

Lanley Homes have been building high quality low volume housing since 1988 and aim to provide a product that is more bespoke than traditional volume house building.

For more details please visit the Lanley Homes website at www.lanleyhomes.co.uk or contact us on 01257 238555 to register your interest in one of the new homes. The homes will be marketed by Armistead Barnett.

Lanley Homes

Lanley have been building high quality low volume housing since 1988 and aim to provide a product that is more bespoke than traditional volume house building.

Lanley Homes are the housing development arm of a much wider property group and we are able to draw on the skills and expertise of that wider group whenever required.

Lanley pride themselves on the quality of their developments as well as the after care provided once a purchaser has moved into their new home. Our finished homes benefit from a number of features that you would normally only expect to find as extra cost items in a new build home. The standard specifications of our homes meet and go beyond those of many other house builders, including bespoke kitchens with appliances included. We want you to move into your new home feeling that you received a great product at a good price without having to continually pay extra for the home you wanted.
